

## **WITTENSTEIN further boosts its expertise in holistic drive solutions – Planned acquisition of STXI Motion Ltd.**

**WITTENSTEIN has the necessary expertise to develop holistic drive solutions for its customers. To enhance its position in this field even further, the specialist in cybertronic motion now plans the acquisition of STXI Motion Ltd., which will expand its capabilities in electronics and software for electric motors.**

WITTENSTEIN SE plans to acquire a majority stake in the company. The contract has already been signed by both parties. The targeted closure, which should take place on April 1, 2026, is still subject to approval under antitrust laws.

“STXI Motion’s comprehensive expertise in the fields of electronics and software, in particular, will be an excellent addition to our portfolio,” declares Dr. Bertram Hoffmann, CEO of WITTENSTEIN SE.

STXI Motion is already an international player and has its headquarters in Petach Tikva, Israel. It has further sales locations in Viersen in Germany and near Chicago in the USA. The company’s key products are standardized drive systems in the high performance product general segment.

The parties have agreed not to disclose the purchase price.

#### **WITTENSTEIN – one with the future**

With around 2900 employees worldwide and sales of € 526 million in 2024/25, WITTENSTEIN SE enjoys an impeccable reputation for innovation, precision and excellence in the field of cybertronic motion – not just in Germany but internationally. The group possesses exceptional expertise for the mastery and further development of all technologies relevant to mechatronic drives and comprises six innovative Strategic Business Divisions. We develop, produce and sell products such as high-precision servo drives and linear systems, servo systems and motors as well as cybertronic drive systems for many areas of application including machine and plant construction, aerospace or oil and gas exploration. Nanotechnology and software components round off the portfolio. With 25 sites in more than 45 countries, the WITTENSTEIN group ([www.wittenstein.de](http://www.wittenstein.de)) is represented in all major technology and sales markets.
